What We Offer

INTRO- DUCTION

Welcome to Josben International College UK's ATHE Extended Diploma Level 7 Programmes in Business Management, Accounting, Computing, Law, Health and Social Care; designed to bridge the gap between your current qualifications and the requirements for postgraduates to enhance their career and encourage entrepreneurship. On successful completion of the programme you can progress on to MBA or MSC Top-up in your chosen area.

We have campuses both in the UK and Nigeria where students get to do the first two semesters. The third and last semester can be done in the UK or at a distance with any of our University Partners.

COURSE PATHWAYS

- Level 7 Extended Diploma in Accounting and finance (6-9 months)
- Level 7 Extended Diploma in Computing (6-9 months)
- Level 7 Extended Diploma in Strategic Management(6-9 months)
- Level 7 Extended Diploma Health and Social Care.

AWARDING BODIES

- ATHE UK

Level 7 Extended Diploma in Accounting and Finance

Unit Name	Unit Aims	Credits	Mandatory
CORPORATE REPORTING FOR STRATEGIC BUSINESS -ADVANCED	The unit will ensure that students are able to examine corporate reporting from a number of perspectives, i.e. the preparer of corporate reports and from the perspective of a variety of different stakeholders such as finance providers.	20	Yes
CORE FINANCIAL MANAGEMENT-ADVANCED	This unit develops the students understanding of key financial management knowledge and skills and prepares them to advise management and/or clients on complex strategic financial management issues facing an organisation. The unit explores the role and responsibility of a senior executive or advisor in meeting competing needs of stakeholders within the business environment of multinationals.	20	Yes
MANAGEMENT FOR STRATEGIC PERFORMANCE - ADVANCED	The aim of this unit is to introduce students to the strategic role of management accounting as a discipline for planning and controlling business performance to ensure strategic objectives can be set, monitored and controlled. The unit covers the impact of external factors on strategic management issues, such as macro-economic, fiscal, market and environmental impacts on performance.	20	Yes
UK TAXATION FOR BUSINESS AND INDIVIDUALS	The aims of this unit are to ensure that students have a detailed understanding of the techniques of the key aspects of taxation. It will extend the students' knowledge of the tax system, together with their ability to apply that knowledge to the issues commonly encountered by individuals and businesses in the UK.	20	Yes
AUDIT AND COMPLIANCE ADVANCED	The aims of this unit are to ensure that students have a sound understanding of audit and assurance in practice. The unit begins with a review of the legal and regulatory environment and the need to comply with appropriate practice management techniques.	20	Yes

Level 7 Extended Diploma in Computing

Unit Name	Unit Aims	Credits	Mandatory
MANAGING INNOVATION AND CHANGE IN COMPUTING	This unit aims to provide learners with the necessary knowledge and understanding in order to manage innovation and change in computing environments. Learners will explore that change is constant and the importance of understanding and applying a process for managing change within an organisation. There will be a focus on innovation and changes that are common across the computing industry.	20	Yes
SYSTEMS DEVELOPMENT AND USER EXPERIENCE (UX)	This unit aims to provide learners with knowledge and understanding of the development of systems and how this is achieved using a range of systems development life cycle models (SDLC). Learners will focus on how to establish the user and technical requirements of the system and the considerations to make when developing a user interface.	20	Yes
IMPLEMENTING AND MANAGING CYBER SECURITY	This unit aims to provide learners with the necessary knowledge and understanding of securing computing systems and how to implement and manage cyber security in an enterprise environment. The unit will focus on the core principles to consider in order to secure systems appropriately. Learners will develop the knowledge and skills relating to security, detection, information and attack management in order to protect an organisation in the event of a cyber security attack.	20	Yes
BUSINESS INTELLIGENCE SYSTEMS	This unit aims to help learners develop an understanding of business intelligence systems and the benefits of using such systems from an organisational point of view. Learners will focus on the key areas within business intelligence systems and develop an understanding of why business intelligence plays a fundamental role in organisational strategic planning.	20	Yes
INDEPENDENT PROJECT	This unit aims to provide learners with the opportunity to undertake an independent project. In the unit learners can utilise the knowledge and understanding gained in previous units and from other areas of learning and experience to independently manage and complete a practical project. Learners will showcase the skills learned and their understanding of technologies whilst following formal project management techniques.	20	Yes
AGILE TRANSFORMATION	This unit aims to provide learners with the knowledge and uses of agile development within business environments. Learners will have the opportunity to explore the fundamental process of agile development including the methodologies used. Learners will develop the skills and knowledge to be able to embed and use agile approaches in a working environment	10	Opt
ENTERPRISE RESOURCE PLANNING SYSTEMS	This unit provides learners with the knowledge and understanding of Enterprise Resource Planning (ERP) Systems. Learners will learn system principles, their use and the benefits they can bring to an organisation. Learners will also focus on the cost, planning and training associated with implementing and running these systems in an organisation. This unit will cover professional practice and the role of ethics and codes of conduct in relation to computing systems.	10	Opt
